

REMARKS

Claims 1-12 are all the claims pending in the application. The Examiner rejects claim 1 under 35 U.S.C. §102(e) as being anticipated by Subramanian, et al. (US 6,587,635). The Examiner also objects to claims 2-7 as being dependent from an unallowed independent claim, but otherwise are allowable over the prior art. Claims 8-12 are allowed. The Examiner also state the title of the invention is not descriptive and requires a new title that is clearly indicative of the invention.

Applicant appreciates acknowledgement of foreign priority under 35 U.S.C. §119(a)-(d), and of the acceptance of the drawings.

102(e) Rejection – Claim 1

"A claim is anticipated only if each and every element as set forth in the claim is found, either expressly or inherently described, in a single prior art reference." *Verdegaal Bros. v. Union Oil Co. of California*, 814 F.2d 628, 631, 2 USPQ2d 1051, 1053 (Fed. Cir. 1987). *See*, MPEP 2131.

Applicants cancel claim 1 and amend claim 2 by including the limitations of claim 1. Claim 2 is now an independent claim from which claims 3-7 depend. Because Subramanian does not teach each limitation of the invention of claim 2 as amended, applicants believe all claims are in condition for allowance, and respectfully request reconsideration and withdrawal of the rejection, and early allowance of the claims.

Title

The title is amended to read "DIGITAL TV WITH OPERATING SYSTEM AND METHOD OF DRIVING SAME." Applicants believe the amended title is indicative of the invention to which the claims are directed.

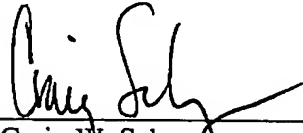

CONCLUSION

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,
Lee, Hong, Degerman, Kang & Schmadeka
